COLLABORATIONS

infinitereality has collaborated with **MICHAEL GARZA** from across the globe, since their initial disagreement regarding the vocal complexity of Radiohead's "Exit Music."

Their most notable work was creating, writing, and producing "**I REMEMBER**" and its variations. Ever since, he has been integral to infinitereality core works for over 6 years.

She has also collaborated with **BRIAN MINNICK** in synchronous video and audio-related projects. Brian's unique audio recordings are used creatively within her musical compositions across multiple albums and EPs

WRITING

“Jailbreak the Universe” is a unique and perplexing music companion book that presents a non-linear and non-definable narrative. The book intertwines past and future memories in a series of short true stories, meticulously recorded, transcribed, and presented word for word on paper. I leave it to the reader to connect the stories, my music, and the context.
