## PRESS KIT

# ABOUT

Cassie Szer aka infinitereality is an eclectic Australian experimental musician, sound designer, composer, lyricist, graphic artist, and spacial audio engineer.

Being exposed to various forms of live classical/operatic music with her father as a child, combined with watching 6-12 hours of the previous nights recording of “Rage” on Betamax, ultimately led her to the tri-fusion of classical, experimental, and “strange” music.

# COLLABORATIONS

infinitereality has collaborated with [Michael Garza](#) since their initial disagreement regarding the vocal complexity of Radiohead's [Exit Music](#).

Their most notable work was the creation, writing, and production of [I Remember](#) and its variations. Since then, he has been an integral member of infinitereality core works for over six years.

She has also collaborated with [Brian Minnick](#) in [synchronous video](#) and audio-related projects. Brian's unique audio recordings are used creatively within her musical compositions across multiple albums and EPs.

# PERSONALISED AUDIO

## SERVICES

infinitereality offers a comprehensive range of audio soundscapes, scores, and cues for diverse media platforms, encompassing applications, games, podcasts, documentaries, short films, and television productions.

To see her skills, please look at her ongoing work with the independent artist/creator **Joules Opia**.

Additionally, she offers services for Spatial Audio (ATMOS) post-production and remastering.
