ABOUT

Cassie Szer aka infinitereality is an eclectic Australian experimental musician, sound designer, composer, lyricist, graphic artist, and spacial audio engineer.

She studied piano and classical music theory from a young age, while also being exposed to various forms of live classical and operatic music experiences.

Her songs combine syncopated classical sounds, electronic music and unique recordings to achieve the fusion of classical electronic experimental music.

COLLABORATIONS

infinitereality has collaborated with [Michael Garza](#) since their initial disagreement regarding the vocal complexity of Radiohead's "Exit Music."

Their most notable work was the creation, writing, and production of "[I REMEMBER](#)" and its variations. Since then, he has been an integral member of infinitereality core works for over six years.

She has also collaborated with [Brian Minnick](#) in synchronous video and audio-related projects. Brian's unique audio recordings are used creatively within her musical compositions across multiple albums and EPs.
