COLLABORATIONS

infinitereality has collaborated with **MICHAEL GARZA** from across the globe, since their initial disagreement regarding the vocal complexity of Radiohead's "Exit Music."

Their most notable work was creating, writing, and producing "**I REMEMBER**" and its variations. Ever since, he has been integral to infinitereality core works for over 6 years.

She has also collaborated with **BRIAN MINNICK** in synchronous video and audio-related projects. Brian's unique audio recordings are used creatively within her musical compositions across multiple albums and EPs
